

Pendulum® 2G Herbicide

The Broadest Spectrum Of Control Makes It Better.

Pendulum 2G controls more than 40 grassy and broadleaf weeds in all — including troublesome weeds like oxalis, henbit and spurge. In fact, there's quite a list of weeds **Pendulum 2G** controls, that neither Dimension® nor Barricade® do, such as:

- >> Field Sandbur
- >> Woolly Cupgrass
- >> Lawn Burweed
- >> Hop Clover
- >> Cudweed
- >> Evening Primrose
- >> Fiddleneck
- >> Filaree
- >> Puncturevine
- >> Pennsylvania Smartweed
- >> Annual Spurge
- >> Velvetleaf

Plus, **Pendulum 2G** sprayable formulations are also labeled for over the top weed control in more than 335 ornamental species.

Outstanding Application Flexibility.

Pendulum 2G is available in both sprayable and granular formulations to fit your needs. Plus, you can buy fertilizer with BASF pendimethalin and make one convenient, early season application that prevents weeds as it greens your turf.

For more information, consult the product label.
